The club has so many new members, I can hardly keep track of them all!!! They are included in the new roster attached to this bulletin. This brings our membership total to 40, and our treasury is now at a record high of \$72.99!! That's more than enough money for me to buy that keyer.

SOUTHERN CALIFORNIA CONTEST CLUB

PRESIDENT'S REPORT

The August meeting held in Anaheim was attended by 13 members. Showing up in the far south were N6AA, N6DFY, KB6I, WB6KOU, W6LEN, WA6OTU, N6PE, N6RJ, AA6RX, NC6T, N6TR, K3VA, and W6XD. The Firehouse Pizza Palace is conveniently located less than 2 miles from Ham Radio Outlet. This makes it a neat place for meetings since we can all go drive Jim crazy playing with his CX-11 after the meetings!!! There is another radio store in the area, but they don't have any members in our club.

There was some activity noted in the All Asian contest. I need to know the score each of you ran up so we can complete a tabulation for our club. We will compare this to the NCCC's total and see who forks up the six-packs. If you went to the trouble of running up a score, it won't do us any good unless you also go to the trouble of letting me know about it. Either call me on the landline, tell me at the next meeting, or mail it to me before the end of the month.

Sweepstakes is coming up soon!!! With our large membership we should be able to run up a nice club score. Maybe we should set up some interclub competition between the Orange county guys against the LA county guys or something. Any interest in this?????

For those of you wondering who that NC6T guy is messing up the bands, it's WB6SHL sporting his new compact callsign. Sure looks like a misprint Bill!!

The club has been active for a whole year now, and I have been running the show the whole time. I am running out of new things to say and I think it is time for someone else to write this garbage. Therefore let it be known that elections will be held in January for a new slate of officers. I will offer my services as bulletin editor and mailer if they are needed or desired. I hope that everyone who desires the club to thrive will carefully select my replacement. The job isn't that bad, just toss a coin each month to decide when and where to have a meeting and write up a few paragraphs of bullshit every now and then. It is very easy for me to continue publishing this rag thanks to the facilities at work. Its just ..... that .... well ...  
I'm running out of bullshit!!! Enough said??

There is one Ad this month, N6MI is an attorney at law who would be glad to help you with any problems you have. Scott's address and phone number are shown in the roster.

There will be a multi-single up at K6RR during the CQ WW SSB. Anyone interested in operating a real super station should contact Bob for further details.

That's all folks!!!
